

a virtual presentation
hosted by the Frederickburg Area Council on Transition

TUESDAY, DECEMBER 5
6:30pm-7:30pm

Supported Decision Making is a fast-growing national trend for adults with disabilities determining how to make decisions in adulthood. This presentation will discuss what Supported Decision Making is, how to use it, and how and why it can be a better alternative to guardianship for many people.

Join us as we welcome Lucy Beadnell, Director of Advocacy from the ARC of Northern Virginia for this virtual presentation. *Registration is required.*
