What will be covered?

Join us for a FREE, informative session on the CCC Plus Waiver Program — a valuable resource that provides access to essential services and supports for individuals with disabilities in Virginia. This waiver provides care in the home and community rather than in a nursing facility or other specialized care medical facility. Explore how this program can support your loved one, get clear answers on who qualifies, and receive step-by-step guidance on the application process.

Who should attend?

Families of students with severe to profound disabilities, school and community transition team members.
